Every slide rule ever made by A.W. Faber and A.W. Faber-Castell

This book describes all the slide rules manufactured by A.W. Faber and A.W. Faber-Castell. It contains information about each series of models, the scales, the patents and the materials used. It also provides detailed clues on how to date every slide rule made by this manufacturer. It represents an invaluable source of information for all lovers of these unique analogue calculating aids.

- dual language
- all models
- all scales
- all information

- Compiled in co-operation with:
- Dieter von Jezierski
 - Günter Kugel
 - David Rance

- hardback
- 128 pages
- A5 format
- 10 €uro

The book will only be available at this price on Friday and Saturday of the IM2009 meeting in the daily swap market that starts at 16:30 in room 114.
